

Quản lí vai trò và quyền hạn

Màn hình quản lí

link: <https://accounting.neotech.com.vn/roles>

The screenshot shows the 'neoAccount' interface. On the left, a sidebar contains various menu items: Stock, Customer, Supplier, Sale Management, Purchase Management, Finance, Report, Role & Permission (highlighted with a red arrow), User, Configuration, and Activity Logs. The main content area is titled 'Manage Roles' and includes a search bar. Below the search bar is a table with three columns: ROLE, PERMISSIONS, and ACTION. The table lists two roles: 'Customer' and 'Accounting Lead'. The 'Customer' role has permissions: show invoice, show customer, manage customer invoice, show proposal, manage customer proposal, and create customer proposal. The 'Accounting Lead' role has a large number of permissions, including: show dashboard, create user, edit user, manage company settings, manage invoice, create invoice, edit invoice, delete invoice, show invoice, create payment invoice, delete payment invoice, send invoice, delete invoice product, create plan, edit plan, manage constant unit, create constant unit, edit constant unit, delete constant unit, manage constant tax, create constant tax, edit constant tax, delete constant tax, manage constant category, create constant category, edit constant category, delete constant category, manage product & service, create product & service, edit product & service, delete product & service, manage customer, create customer, edit customer, delete customer, show customer, manage vender, create vender, edit vender, delete vender, show vender, manage bank account, create bank account, edit bank account, delete bank account, manage transfer, create transfer, edit transfer, delete transfer, manage transaction, manage revenue, create revenue, edit revenue, delete revenue, manage bill, create bill, edit bill, delete bill, show bill, manage payment, create payment, edit payment, delete payment, delete bill product, send bill, create payment bill, delete payment bill, income report, expense report, income vs expense report, invoice report, bill report, tax report, loss & profit report, manage credit note, create credit note, edit credit note, delete credit note, manage debit note, create debit note, edit debit note, delete debit note, manage proposal, create proposal, edit proposal, delete proposal, duplicate proposal, show proposal, send proposal, delete proposal product, manage goal, create goal, edit goal, delete goal, manage assets, create assets, edit assets, delete assets, manage constant custom field, create constant custom field, edit constant custom field, delete constant custom field, manage chart of account, create chart of account, edit chart of account, delete chart of account, manage journal entry, create journal entry, edit journal entry, delete journal entry, show journal entry, balance sheet report, ledger report, trial balance report, and stock product & service.
